**Paris, 24 October 2023 - Research firm notes Sopra Steria's industry focus areas of defense, public administration, and social services. Sopra Steria is honored to be recognized among Notable Vendors in Forrester's The Public Sector Industry Cloud Landscape, Q3 2023 in the large vendor category with a geographic focus in Europe Middle East and Africa. The Forrester research cited Sopra Steria as having an industry focus in the areas of government defense, public administration and social services.**

The report by Forrester, a leading research and advisory firm, offers an overview of cloud solution vendors to assist public sector agencies in deciding on the ideal option that aligns with their specific needs. The report is to help enterprises understand the value they can expect from a cloud solution provider, learn how providers differ, and explore options based on size and market focus.

The Forrester report offers an overview of 42 vendors to assist decision-makers to navigate the vast landscape of cloud solutions, ultimately helping mission, business, and technology leaders in the public sector select the most suitable platform that meets their needs. According to the report, a primary challenge is « Understanding whether a solution meets requirements in a cost-effective and scalable manner. »

According to the report, authored by **Forrester Principal Analyst Sam Higgins**: *"Public sector industry clouds extend back-office digital operations platforms to enable a variety of use cases that are the unique purview of government. Importantly, these solutions are available on infrastructure that supports regulatory compliance requirements through confidential computing to address emerging trust-driven issues of digital, data, and identity sovereignty".*

At Sopra Steria's, we help clients accelerate and future-proof their digital journey through more strategic use of the cloud. We are a trusted partner on numerous defense and government initiatives using cloud solutions. Learn more about [Sopra Steria's cloud services](#).
