Sopra Steria is positioned as a Leader in the 2023 SPARK Matrix™ for Cloud Native Application Development Services by Quadrant Knowledge Solutions

- *The Quadrant Knowledge Solutions SPARK Matrix™ provides competitive analysis & ranking of the leading Cloud Native Application Development Services vendors.*
- *Sopra Steria, with its comprehensive service and customer experience management, has received strong ratings across the parameters of service excellence and customer impact.*

Paris, July 4 2023 – Sopra Steria, a European tech leader recognised for its consulting, digital services and software development, today announces that it has been positioned as a "Leader" in the 2023 SPARK Matrix™ for Cloud Native Application Development Services by Quadrant Knowledge Solutions.

The Quadrant Knowledge Solutions' SPARK Matrix™ includes a detailed analysis of global market dynamics, major trends, vendor landscape, and competitive positioning. The study provides competitive analysis and ranking of the leading service vendors in the form of its SPARK Matrix™. The study offers strategic information for users to evaluate different provider capabilities, competitive differentiation, and market position.

Spark Matrix's recognition of Sopra Steria is based on the following strengths in the cloud native application development services market:

- Sopra Steria helps businesses re-invent the customer experience, increase operational effectiveness, and develop new products & features. The Group delivers these new-age applications by developing cloud-native applications such as microservices, APIs, and software containers from their end-to-end software engineering methodologies and tooling that includes Agile, Product and DevOps principles.

- Sopra Steria's fully featured service offering includes a robust set of development, operation, and maintenance services to replace the traditional approaches with complete specifications. Furthermore, the Group offers agile development methodologies with premium modularity, reusability, and frequent code release features.

- Sopra Steria has created a center of excellence with expertise in application and infrastructure layers, combining strategic consulting and change management skills, migration, and application modernization. The Group's cloud services portfolio provides all the resources to drive organizational transformation, enabling the cloud to be the engine that moves the business.

"*I am proud and grateful that Quadrant has once again included Sopra Steria in their prestigious Spark Matrix. The expertise that we have built for years in Cloud Native Application linked to our organisation and our numerous client references allows us to help our customers through their modernisation journey.*" said **Yann Gloriau, Technical Director, Sopra Steria.**

According to **Abhishek Ghosh, Analyst, Quadrant Knowledge Solutions**, "*Sopra Steria's robust set of offerings in cloud-native application development services enables its clients in developing applications that are cost effective, scalable, cloud optimized, and resilient, which drive its clients toward extensive cloud adoption. In this digital era, Sopra Steria enables enterprises to resolve business problems for improving customer experience and creating new products and features via the applications. They have a dedicated team that helps users to reshape their process of building applications.*" "*Sopra Steria is capable of catering to the diverse customer needs across industry verticals, with its comprehensive capabilities, compelling customer references, comprehensive roadmap & vision, and service offerings with high scalability, have received strong ratings across service excellence and customer impact and has been positioned as a leader in the SPARK Matrix: Cloud Native Application Development Services, 2023.*" adds Abhishek.
